

# UNIVERSITÄT ROSTOCK

## Medizinische Fakultät

The group of Bernd Kreikemeyer at the Institute of Medical Microbiology, Virology and Hygiene, Medical Faculty University of Rostock invites applications for

### **1 Postdoctoral position** (Molecular Microbiology and related fields)

The research will be performed in the framework of the BMBF „ERA-NET PathoGenoMics 2“ program. Candidates will work in an international research consortium environment with partners from Germany, France and Slovenia. The research topic in Rostock is the identification and characterization of small non-coding RNAs (sncRNAs) from the human pathogen *Streptococcus pyogenes*. We search for candidates who are highly motivated and ambitious with the ability to work independently and lead a project. Experience in all “omics” technologies is desired. We offer a highly interactive and well-equipped research environment with access to already running transcriptomics-, tiling array-, and proteomics-technologies. A keen interest in bioinformatics would be a plus.

The position is available for an initial period of three years with a possibility of extension. The payment is according to the public German service scale (TV-L). Start: April 2009 or later.

For further questions please contact: PD Dr. Bernd Kreikemeyer (+49-381-494-5912, [Bernd.Kreikemeyer@med.uni-rostock.de](mailto:Bernd.Kreikemeyer@med.uni-rostock.de); <http://www.imikro.uni-rostock.de/>)

Handicapped applicants with equal qualifications will be preferred.

The University of Rostock does not reimburse application costs.

Please send your CV to: **Universität Rostock, Medizinische Fakultät, Dezernat Personalwesen, Schillingallee 35, Postfach 10 08 88, 18055 Rostock**

**Bewerbungsschluss: 4 Wochen** nach Erscheinen
